Terms of Reference Financial Advisor (Contract)
GIZ project Strengthening Inclusive Local Governance

Note: this is a contractual position with an expected 35 days of work required over a 10-month period, beginning in January of 2024

Background

IOG is currently implementing the "Citizen Centricity and Participation" project, which aims to proactively implement actionable insights obtained from a previous assessment. The primary goal of this initiative is to enhance the quality of citizen-centric service delivery and increase citizen engagement at the local level, especially in public projects. The ultimate outcome aspires to cultivate governance that is more comprehensive, streamlined, and responsive.

Objective

We're searching for a capable Financial Advisor to support the "Citizen Centricity and Participation" project in Iraq. This assignment strives to improve citizen engagement and service delivery in specific administrative regions. The project’s objectives are twofold:

- Enhance the current citizen complaint management system at the local level, making it more responsive and accessible.
- Facilitate citizen engagement in public projects, leading to informed decision-making and project planning at the local level.

Scope of work

The role of the Financial Advisor for the "Citizen Centricity and Participation" project in Iraq will involve providing support to the project team to ensure the successful implementation of the project. The scope of work includes:

- Ensure that financial policies, procedures, and systems are aligned with GIZ grant requirements and relevant financial guidelines.
- Collaborate with the CFO and Project Manager to prepare precise and timely financial reports for GIZ and to ensure adherence to financial guidelines and regulations.
- Conduct regular financial analyses, offering recommendations to optimize project budget utilization.
- Monitor budget execution, identify variances, and propose corrective actions when necessary.
- Offer guidance on logistics and procurement processes, covering vendor selection, contract negotiation, and monitoring supplier performance to ensure efficiency and compliance with GIZ grant requirements and related financial guidelines.
Conduct regular internal audits to identify and address potential financial risks and provide guidance to project staff on matters related to financial compliance.

**Education:**

Essential: A bachelor's degree in a relevant field such as political science, project management, business administration, or a related discipline from a recognized university.

The preferred candidate has a master's degree (e.g., MBA, MSc, or MA).
